

# TAURUS TRACKER

A Pegasus Gateway compatible app to manage your workforce.

## 01 IMAGE CAPTURE

Ideal for obtaining proof of delivery with georeference validation and also useful as an incident reporting tool.

## 02 SAFETY FIRST

Remotely request urgent assistance using the S.O.S functionality.

## 03 CHECK-INS

Log check-ins/outs, arrival & departure times for your personnel with the click of a button.

## 04 CHAT MESSAGING

Keep in touch with the convenient chat feature. Useful for user and dispatch or monitoring station.

## 05 QR CODE SCAN

Useful for automated check-in registration with point of interest validation, tour patrol tasks, vehicle assignments or asset identification.

MANAGED BY
